DAYGEN

Mühendislik

DAYGEN MÜHENDİSLİK ürünleri ilk olarak 2005 yılında ER-FA ASANSÖR firmamızla montaj-bakım ve servis olarak sektöre adım atmıştır. 2013 yılında müşteri talepleri doğrultusunda DAYGEN MÜHENDİSLİK olarak asansör kabini üretimi, asansör kapısı üretimi, otomatik kapı üretimi, asansöre ait diğer tüm ekipmanları ve belgelendirme, ruhsatlandırma ile faaliyete başlamıştır. Bu dönem içerisinde bir sonraki evreye geçen firmamız 2016 yılında kurumsallaşma sürecine girmiştir.

Şuan dört kardeş tarafından Erfa Asansör ve Daygen Mühendislik markası altında kendi fabrikamızda teknolojik verilerin ışığında malzeme kalitesini, makine parkurunu ve yönetim organizasyonunu kalite politikasının bir uzantısı olarak yeni yatırım perspektifi çerçevesinde sizlere daha iyi ve kaliteli hizmet sunabilmek için çalışmalarımıza devam etmekteyiz.

Asansör üretimi ve satışında Türkiye'de konumumuzu daha da güçlendirerek markamızı tüm dünyada talep edilen ve güvenilen asansör markası haline getirmek için çalışmalarımızı en üst düzeyde ilerletmekteyiz. DAYGEN MÜHENDİSLİK olarak müşterilerimize sertifikalı yüksek kaliteli ürünleri tasarlayarak, uluslararası kabul görmüş kalite standartları doğrultusunda emniyet ve kalite gereksinimlerini eksiksiz yerine getirmekteyiz.

Yüksek Kalite ve Özgün Tasarımlar

DAYGEN MÜHENDİSLİK ürünleri kalitesi, kendine özgü tasarımları güvenlik ve sağlamlık kalitesi göz önüne alınarak üretilmektedir. Müşterilerin değişen zevk ve yaşam tarzına yenilikçi uyum kabiliyetini yansıtan ergonomik girişimler ortaya koyabilmek firmamızın tasarım anlayışıdır. Maksimum kalite hedefini yakalamak için arge departmanıya da dünyadaki gelişmeleri sizler için takip ederek pek çok gelişmeye öncülük etmekteyiz.

DAYGEN MÜHENDİSLİK first entered, as ER-FA ASANSÖR, into the industry in 2005 to provide assembly, maintenance and service. In 2013, it, under the name of DAYGEN MÜHENDİSLİK, started operations, in line with demand from customers, by constructing elevator cages, elevator doors, power-operated doors and other elevator equipment as well as providing certification and registration services. Proceeding to the next step thereafter, the company entered into the process of institutionalization in 2016.

Now, we, through the brands of Erfa Asansör and Daygen Mühendislik, which are operated by four brothers, strive for offering better and more quality services to you our customers at our own manufacturing plant in the light of technological data from the perspective of new investments and with material quality, machine park and management organization adopted as a part of our quality policy.

Strengthening our position in the field of producing and selling elevators in Turkey, we are making great efforts to make our brand a popular and reliable elevator brand around the world. For our customers, we, as DAYGEN MÜHENDİSLİK, design high quality, certified products fully meeting safety and quality requirements of the internationally-accepted quality standards.

Premium Quality and Unique Designs

Products of DAYGEN MÜHENDİSLİK are produced with quality, uniqueness, safety and robustness. It is the company's manner of design to create ergonomic products reflecting innovative adaptability onto the varying choices and lifestyles of customers.

To achieve the goal of maximized quality, we locally pioneer many developments keeping up with the global developments through our R&D department

Daygen Mühendislik, üretmiş olduğu asansör kabini ve aksesuarlarının yanında iş ortaklarına farklı özelliklerde paket asansör seçenekleri sunarak, müşteri memnuniyetini en üst noktada tutmayı başarmıştır.

Bu sayede, sadece asansör kabin satışı değil, asansör kullanılacak yapıya ait gereken tüm asansör komponentlerini, iş ortaklarımızın değişik isteklerine, tercihlerine ve asansör kullanılacak yapının durumuna göre en uygun şekilde oluşturarak paket asansör seçenekleri sunmaktayız.

PACKAGE ELEVATOR

In addition to manufacturing elevator cabins and components, Daygen Mühendislik has achieved to keep customer satisfaction at the top level offering package options including elevators of different technical properties to its business partners

Thus, we not only sell elevators but also offer option packages for elevator by bundling all elevator components needed for the building in which elevator will be used in the best way to fit to the different requirements and choices of our business partners and the condition of the building in which they will be used
